All cars in this DLC are so good! :D Especially the McLaren GTR (which is in Endurance GT1 class). They have a lot of grip and suit a lot of tracks, especially Endurance and Street tracks. It's worth buying! :). Aston Martin and SLR are fine cars, but they are absolutely demolished in their category by the (vanilla) SL65. F1GTR on the other hand is dominating in its GT1.

8V8.5 McLaren is like so sweet
